The Honorable Lewis A. Kaplan
United States District Judge
Southern District of New York
United States Courthouse
500 Pearl Street
New York, NY 10007-1312

Re: *United States v. Sylvia G. Ash*, 1:19-cr-00780 (LAK)

Dear Judge Kaplan:

We represent defendant Sylvia G. Ash is the above-referenced case and write regarding the current ready for trial date of October 4, 2021 and in advance of the deadline for trial ready cases for the next quarter to be submitted to the scheduling committee for the United States District Court for the Southern District of New York, which we understand to be July 15, 2021. Based on Ms. Ash's medical needs as explained below, Ms. Ash respectfully requests that the current ready for trial date of October 4, 2021 be moved to November 15, 2021, or later depending on the Court's schedule. The government does not object to this request.

Ms. Ash currently is scheduled for knee replacement surgery on August 10, 2021. As the Court may recall, Ms. Ash was supposed to undergo such knee replacement surgery last September, but during preparations for that surgery, her physicians discovered she had spinal stenosis. Ms. Ash then had spinal fusion surgery to address the spinal stenosis on September 29, 2020 and thereafter underwent extensive physical rehabilitation. Ms. Ash's orthopedic surgeon would not perform the knee replacement surgery until Ms. Ash's spinal surgeon confirmed that Ms. Ash was sufficiently healed for additional surgery. Ms. Ash's spinal surgeon provided such confirmation on July 2, 2021 and Ms. Ash now has scheduled the knee replacement surgery for the first available date, which is August 10, 2021, as the delay in obtaining the knee replacement surgery is causing her increased mobility issues.

Following Ms. Ash's knee replacement surgery, she will require 8-10 weeks of recovery and recuperation, will be on strong painkillers for the first two weeks following surgery, will be unable to walk or drive for the first eight weeks following surgery, and will be unable to recuperate in her own home for the first six weeks after her surgery because she lives alone

and her home has stairs. Her follow-up treatment will consist of rehabilitative physical therapy at least three times a week.

Based on her current prognosis and barring any unforeseen complications, Ms. Ash should be sufficiently recovered to assist in preparation of her defense for trial and proceed with trial that started, at the earliest, on November 15, 2021. Ms. Ash therefore respectfully requests that trial not be scheduled in this case until November 15, 2021, or later, depending on the Court's schedule. Ms. Ash also consents to the exclusion of time under the Speedy Trial Act between October 4, 2021 and November 15, 2021.

Respectfully submitted,

Carrie H. Cohen
